## NOTES

She's the cow that everyone is talking about. Purchased at the Mercury dispersal sale in 2018 where she made the top price. This female is a firm favourite in Coraghy and it's easy to see why! Unrivalled for capacity and weight gain, she matches this with all the traits Angus cows should have, a perfect head, great legs and a pelvic area that would calve an elephant! Sire of this five-year-old is former Mercury herd stock bull Friarstown Idol, a full brother to the dam of AI bull Friarstown Ideal Pete. She was successfully flushed on 1st June and is left open for flushing or breeding.

This female is a firm favourite in Coraghy and it's easy to see why! She is unrivalled for capacity and weight gain. She matches this with all the traits Angus cows should have, a perfect head, great legs and a pelvic area that would calve an Elephant! Sire of this five year old is former Mercury herd stock bull Friarstown Idol, who is a full brother to the dam of AI bull Friarstown Ideal Pete. Dam is the Mercury foundation cow, Luddenmore Flora J016 who is a Young Dale Touchdown daughter out of Netherton Flora B162, making her a maternal sister to Luddenmore Fionn. She was successfully flushed on 1st June and is left open for flushing or breeding. The sire of the embryos is the legendary Rawburn Boss Hogg.
