

NATIVE BEEF GENETICS SALE of Semen and Embryos

Sale bidding – Friday 7th (7pm) – Sunday 9th March (7pm) - entries close strictly Friday 14th February

Method of sale – Each Lot will be sold in pounds sterling (£) and a buyers' premium of 5% (plus VAT) will be added to the bid price.

No entry fee is required and a vendor's commission of 5% (plus VAT) is chargeable. Payment will be sent via Bacs only, if we do not already hold this information on you please provide us with this.

Purchasers – Are required to make payment in full of the final bid in respect of the Lot sold plus all associated costs of transfer, etc. If final payment is not received within 3 working days, the **Vendor will retain ownership of the Lot**. Lots will not be split, the purchaser will take the whole lot. Bid price will be per Straw/Embryo.

Payment to Vendors will only be made when the Purchaser's account is settled.

Vendors are **not** responsible to any fees regarding Transfers, that falls onto the Purchaser, however the Vendor is responsible in ensuring their respective Storage Location are given details of any lots sold and where they are to be transferred to, contact details of purchasers will be emailed to you once the Lot has been paid for.

Only Grade A/1 Embryos will be accepted, and no more than 3 Lots per Mating or per Bull shall be put forward for sale

We recommend selling Semen in Lots of 5s and Embryos in Lots of 1s or 2s

Please make your Storage Centre aware of the lots you are putting forward for sale

I hereby agree to abide by the Rules of the Native Beef Genetics Sale, by signing this form I agree to allow the Semen/Embryos to be released from my ownership once payment from the purchaser has been made.
