Complete Dispersal of the Autumn Calving Portion from the BLELACK HERD

At 50 and neither of my children wanting to farm I decided last year that change was required. We sold our Charolais Herd, our Shorthorn Herd and the Matron Portion of our Angus Herd in what turned out to be an extraordinary success with our top lot Blelack Earline and her son Lord Easton selling for 45,000gns. Our cattle found homes from the Orkney Isles to the south of England and Ireland.

I decided to calve in the spring thus the sale of our Autumn calvers has come about. These cows represent some of Blelack's very best families and are an excellent example of our cattle. Their calves which are a super group have been spent and retained.

My father, Neil, started the Blelack Angus herd around 50 years ago where it has become the most successful herd ever at the Perth and now Stirling sales, with 13 Overall Champions and many sectional Champions – many, many more than any other herd in the history of the breed.

We have calved our heifers at 2 years old for over 20 years. The cows and heifers forward were all out wintered on ammonia treated straw and silage before calving. Blelack goes from 750 to 1000ft.

We felt that the Angus breed has a great future and hope you find something that will push forward your own breeding programme in this catalogue.

Graeme Massie

Herd Health Status:

- Herd last tested clear from TB in 2016
- Currently on a 4 year TB testing interval
- Member of Biobest Herdcare
- Herd testing for BVD (a cow bought into the herd was carrying a PI so we have lost our long standing BVD Accredited status therefore all cows are now tested free of BVD)
- Routinely vaccinating against BVD
- Routinely vaccinating against Lepto
- Johnes Risk Status Level 3 (having sold over 200 cows with no Johnes problems we had one reactor from an ET Charolais cow and have been put to level 3 from level 1. All cows are tested clear.)

Reference to Sires

Blelack Blackgem G721 – this Defiance bred son was the best performing bull at Blelack that year. Only used a little before selling him, but he left some excellent progeny.

Blelack Blackstock A227 – still the best breeding bull from Blelack. His daughters are breeders of the top order, cows with power, meat and style, will calve easily and rear a calf worth having. His sons have sold to 25,000gns and 19,000gns. A son, Evergreat, was used on heifers.

Blelack Duke J262 – his mother, ONeills Delia K720, is a full sister to the \$150,000 ONeills Expedition. Two sons were retained and a half share of Blelack Black Blockbuster who was sold to Haymount. Duke has a very interesting pedigree and breeds very well.

Blelack Egotist K531 – used as a 13 month old calf on heifers and then he went on to win Overall Champion at Royal Highland Show at 24 months. He leaves exceptional shape and cattle with great power and tops. Producing several top priced bulls between 8000gns to 10,000gns.

Blelack Equity J127 – his dam, Eyrie, calved Equity aged 22 months and reared him as the heaviest calf. Eyrie, who sold for the UK record price of 32,000gns, is also the mother of Egotist. Equity has bred sons which have sold to 15,000gns, also Weeton Eyrie N376 who also sold for 15,000gns. Equity has been used on heifers and found he calved easily.

Blelack Kanasta Lad G191 – out of the excellent Karama family who bred Blelack Krackerjack Lad selling for 15,000gns to Kincardine Castle. Kanasta was a very long stylish bull.

Blelack Prince Consort A286 – where ever this bull has been used he has done well, breeding really good cows and top selling sons.

Haymount Waverlo N833 – is shared with the Tonley Herd. He leaves fantastic faces on his calves. A daughter sold in the Blelack Herd Sale Oct 2016 for 11,000gns.

Nightingale Defiance E264 – has bred sons selling to 10,000gns and has left some good breeding cows with plenty of milk within the Blelack Herd.

Netherallan Peter Pershore E052 (ET) – this now famous bull bred well for the Blelack Herd, especially onto the herds Blackstock daughters with sons selling at 25,000gns for the Stirling Overall Champion Lord Hidalgo and a daughter at 15,000gns for Blelack Lady Heather. Peter Pershore has left his mark on the breed. With no semen left, some of his genetics will only enhance a herd.

Weeton Estimator L320 – a very meaty well-made bull out of the famous Royal Eston Anne. His full sister sold for 6000gns at the Weeton Sale. Estimator was used on the herds heifers where he left some excellent young cows and sold a bull to Rulesmains. He was found to be very easily calved.

Warrenho Emperor M425 – purchased for 10,000gns in partnership with the Tonley Herd. A large proportion of the Blelack foundation females are by him and are very fleshy with lots of style and power. His first son sold for 10,000gns.

WARRENHO EMPEROR M425
semen now taken, available from N. Wattie, Tonley Herd

BLELACK HERD

SERVICE DETAILS – the cattle have ran with either **WARRENHO EMPEROR M425** or **HAYMOUNT WAVARLO N383**. They will be PD'd prior to sale and full results will be announced at time of sale.

BLELACK EGOTIST (*sire*) won Champion Royal Highland Show and is out of 32,000gns **Blelack Eyrie**. **Blelack Eroline** had a really lovely heifer calf that we think got stood on. She has reared a calf this winter. **Eroline** is a thick, fleshy young cow with a terrific feminine outlook – could be a future show cow.

HEALTH AND SAFETY RULES HARRISON & HETHERINGTON LIMITED NOTICE TO ALL VISITORS AND TRADERS PLEASE READ AND OBSERVE THE FOLLOWING

All visitors and traders on site will be responsible for ensuring that they and their employees or sub-contractors engaged by them comply with all legal requirements, including the Health and Safety At Work etc., Act 1974, The Management of Health and Safety At Work Regulations, The Provision And Use of Work Equipment Regulations, etc.

All visitors and traders will be responsible for ensuring that their operations in no way affect the integrity of the company or its fire, safety or security arrangements and in no way compromise the health and safety and welfare of other visitors to and or employees of Harrison & Hetherington.

Although it is the visitors and traders responsibility to ensure that plant, equipment and systems in work are safe, Harrison & Hetherington Limited reserve the right to ask any visitor or trader to leave the market for any breaches in the Health and Safety Rules and/or Regulations.

Vendors must inform Harrison & Hetherington Limited of any livestock due to attend the market whose temperament, behaviour or condition may call for additional precautions for its safe handling.

When loading or unloading livestock handlers must ensure that the dock and vehicle gates are securely fixed so as to prevent the escape of animals.

Traders are responsible for providing and maintaining suitable livestock handling equipment. They should ensure that livestock handlers are fit, experienced in livestock handling and familiar with the livestock in their charge.

Children must not be permitted in any area where they may be at risk from livestock or machinery.

In the case of bulls, during the period when the show/sale is open to visitors, bulls in stalls or pens should not be left unattended. If the handler is temporarily absent, arrangements should be made with another vendor, steward or member of Harrison & Hetherington staff to oversee the bull until the handler returns.

Handling of Livestock at shows and sales: Harrison & Hetherington Limited recommend that an adult person should accompany any junior person during the showing/sale of livestock in the ring and reserves the right to intervene at any point if, in the company's opinion, the person showing the livestock is at risk in undertaking that activity.

Passageways must be kept clear at all times during the auction sale. **PLEASE DO NOT STAND IN THE SALE RING ENTRANCE AND EXIT PASSAGES.**

The auction ring man escapes and refuges must be kept clear at all times.

All portable electrical equipment supplied and/or used by visitors and traders must be safe and fit for the purpose and should have a valid portable appliance test certificate.

AUCTIONEER'S TERMS & CONDITIONS OF SALE

(Incorporating the Auctioneer's
Terms and Conditions)

1. The biddings to be regulated by the Auctioneers and the highest bidder, subject to the Vendor's reserve (if any), to be the purchaser. No bid shall be retracted and if any dispute should arise between two or more bidders, the Lot in dispute to be put up again and resold, or the Auctioneers may determine the dispute at their own discretion and their decision shall be final. The Auctioneers reserve the right to refuse the bid of any person without being called upon to give reason for such action.
2. The Purchaser to give his full name and dwelling place and pay for all Lots purchased immediately at the close of sale. No Lot or Lots shall be removed from the sale premises until paid for and a pass-out slip obtained from the Auctioneer's clerk but each and every Lot shall immediately at the fall of the hammer be considered as delivered and be and remain in every respect at the absolute risk and expense of the respective purchaser or purchasers thereof and shall be removed from the sale premises at the purchaser's expense. The right of property shall not pass until the full purchase price is paid.
3. Purchasers paying by cheque must be prepared, if required, to produce a banker's reference. As a result of the Money Laundering Regulations (2003) the auctioneers are unable to accept cash payments in excess of nine thousand pounds sterling for any any single or linked purchase transaction.
4. All statements in the catalogue, or made by the Auctioneers at the time of sale, also the correct identification of the animals, are the entire responsibility of the Vendors. The Auctioneers take no personal responsibility for the correctness of such statements or identities.
5. All statements in the catalogue, or any made by the Auctioneers at the time of sale relating to any veterinary or other tests are to be taken as statements of fact only. No such statements shall guarantee the purchaser of any animal against loss arising from the subsequent reaction of such animal to any test administered after the sale and the Vendors shall not be liable in any way should this occur.
6. All stock is sold subject to the Conditions of Sale recommended for use at markets by the Livestock Auctioneers' Markets Committee for England and Wales except in so far as these conflict with any Special Conditions applicable to the sale of pedigree stock, when the latter Conditions shall prevail.
7. Neither the Vendors nor the Auctioneers will be responsible for any accident or injury to persons or property, through fire or any other cause whatsoever, nor for any damage by animals prior to, during or after the sale.
8. No undertaking by the Auctioneers or their servants to take charge of any Lot or Lots after the sale or to forward them to their destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of these Conditions.
9. Inasmuch as the Auctioneers act as agents for a disclosed principal they shall not be considered personally responsible for any default on the part of either purchasers or Vendors and the remedy shall be against them only and not against the Auctioneers.
10. If these conditions are unfulfilled, the Vendors or Auctioneers shall have the power to resell the Lots, retaining any surplus and charging any deficiency and expense to the defaulter.
11. You have a right to know how we will use the information you have provided to us. We may share the information with other members of our group and may make this information available to relevant media groups and other interested parties on request. We and other members of the group may contact you by telephone, e-mail, post or fax to inform you of products or services available.
